ORDER

GERARD E. LYNCH, District Judge:

The pro se plaintiff in the above-captioned matter has moved for a preliminary injunction enjoining doctors at the Mohawk Correctional Facility to perform the reconstructive urethral surgery he believes he needs. The claims made by plaintiff in the above-captioned complaint stem from his dissatisfaction with particular medical treatment that he received or believed that he should have received from medical staff at the Sing Sing Correctional Facility during the period from January through November 2004. Plaintiff's claim that he is being denied surgery at his current facility, Mohawk, is unrelated to any medical decisions made by physicians at Sing Sing during 2004. If the plaintiff wants to question his current medical care at the Mohawk facility, he must file a new action. Accordingly, plaintiff's motion for a preliminary injunction is denied.
